

NOTICE

Port of Liverpool Pilotage Fuel Surcharge

Following the many increases in the cost of diesel over recent months, we hereby advise that, with effect from 28th July 2008, pilotage services requiring the use of a pilot launch will each be subject to a fuel surcharge.

The fuel surcharge applicable will be determined on each occasion by reference to the pilot station at which the pilot boards/disembarks the pilot launch, thus:

- At Liverpool Bar Station: £55.00 per boarding or landing
- At Lynas Station: £18.30 per boarding or landing

The fuel surcharge will be charged in addition to all other applicable pilotage charges and will be reviewed on a regular basis.

30th June 2008
